

Massachusetts Department of Public Health Immunization Requirements for entrance into all public schools are the following:

Hepatitis B-----3 doses
DTP/DtaP-----5 doses
Polio-----4 doses
MMR-----2 doses
Varicella (chicken pox)---1 dose
Lead test-----done once
TB-----recommended

Parents are responsible for checking to make sure your pediatrician's office fills the record in accurately. Count the dates to double check the numbers, and ask your pediatrician if there is any discrepancy or missing information.

Your child will not be admitted to Kindergarten with missing doses of any immunizations.
